Subject: RE: Bradford Island FFA Negotiations

Jeff and Ann,

EPA would like for me to ask BPA officials about their plan for adherence to the MOA for Bradford Island Superfund work. Could you let me know a good contact person at BPA for purpose of allowing me to make this inquiry?

Thank you,

Richard

Subject: RE: Bradford Island FFA Negotiations

Richard, et al.,

I've attached the 1997 MOA with BPA for direct funding of O&M costs at USACE projects which applies to, among others, response actions at the Bradford Island federal facility.

I've also attached the 1994 MOA with BPA for direct funding of capital improvements at USACE projects. This applies to the development of capital hydroelectric generation additions, improvements, and replacements. However, most CERCLA response costs are treated as joint O&M costs.

BPA and USACE entered into both MOAs under Section 2406 of the National Energy Policy Act of 1992, Pub. L. 102-486, 16 U.S.C. 839d-1. I don't have documentation on hand, but I understand the parties have extended both MOAs.

I've also attached the June 1945 Cost Allocation Report of the Chief Engineer that's specific to Bonneville Project. The Chief's conclusion, that BPA bear fifty percent of project joint costs, is found at para. 129, page 58 (Adobe page 66).

Best,
Jeff
